Topic: ITIL V3 Overview and V2 to V3 Comparison

ITIL V3 arrived in 2007 amid much fanfare, anticipation and angst. Many questions are being asked such as:

- How much different is it than V2?
- Do I have to completely re-trained?
- We are in the midst of ITIL projects based on V2 – do we need to scrap those, start over or choose between V2 and V3?
- We heard ITIL V3 is radically different and we'd like to know how it is different and where it is the same.

This presentation by Dwight Kayto certified ITIL V3 Expert will provide an overview of ITIL V3 and highlight the similarities and differences between the versions.

Dwight Kayto will be offering an ITIL V3 foundation course June 17-19. Price is \$100 off for CIPS members. Visit www.artofchange.ca for details!
