**Topic: Best Practices in IT Strategic Planning and Alignment**

IT organizations work hard to produce results but often do not receive the recognition they deserve from those they serve. To explore this, our presenter delves into the world of Best Practices in IT Strategic Planning and Alignment. The presentation will specifically address ten characteristics of superior IT Strategic Plans, with an emphasis on Value and Business Alignment.

**Presenter: Michael Brodie, I.S.P., ITCP**

Michael Brodie, I.S.P., ITCP will share his insights on this topic. In addition to his CIPS designations, Mike is a Certified Management Consultant and also has a PMP. He has over 40 years of IT experience, has been a CIO of two large organizations, and is now a partner at Deloitte, where he is consulted by some of the world's largest organizations on IT effectiveness and planning. Mike has helped over fifty organizations create IT strategies. He is currently leading a project to transform IT at the Province of Alberta, implementing ITIL, CobiT, multi-sourcing, and enterprise-wide IT governance.
